Kirkcudbright

Welcome to the fourth Kirkcudbright Fringe Festival! We are proud to present our programme filled with a diverse and vibrant mix of music, performance, magic, comedy, walks and talks across a wide range of subjects - from local history to the big questions facing Scotland, the UK and world. Our fourth year we feel is our best yet, with something for all ages, backgrounds and interests - from serious political discussion to laid-back family fun.

All this would not be possible without the enthusiasm, commitment and time of a host of people. These range from our Board to the brilliant community of volunteers who not only support our four-day festival but do a whole host of things beforehand. Then there are our venues, sponsors and numerous partnerships which help us to dare to dream bold.

This year's striking front cover is by Olivia Dyrba who was in S1 at the Academy when she painted her beautiful artwork which was submitted to Kirkcudbright Rotary Young Artist competition 2026.

We hope you enjoy this year's Fringe and welcome suggestions and recommendations for future Fringes!

A look back to 2025!

What People Say About The Fringe

Kirkcudbright Fringe is an impressive landmark on Scotland's cultural scene. I have no doubt it will go from strength to strength.

*Writer and Kirkcudbright Fringe Patron

An acorn that can grow over time with good benefits for the town and beyond.

Kirkcudbright Fringe has an intimacy and sense of daring and trust which I can only admire in today's cultural climate.
